

# BYO iPad Program

## Parent Checklist

# Nundah State School

Preparing your child to bring an iPad to school.

### Device setup

- ☐ Acquire a device that meets the minimum specifications and accessories. Consider ordering sooner to avoid delivery delays.
  - **Option 1** – JB HiFi BYOD parent portal
  - **Option 2** – Queensland Computers BYOD parent portal
  - **Option 3** – Apple store or other Provider
- ☐ Use [Parent Setup guides](#) (see useful information below) to:
  - Create an AppleID and Password for the new iPad (if you don't already have one). We encourage you to set this up using Family Sharing. **N.B.** Students are not required to know their Apple information.
  - Ensure your iPad is updated to the latest iPadOS software and check general settings.
  - Consider setting up parental controls and content restrictions.
- ☐ Load the required apps on your child's iPad. This can be done through school licensing using the Intune Company Portal app or via personal purchase via the App Store. Please see the current *Apps List* for more information, which can be found on the school website (see link below).
- ☐ The school will provide setup assistance sessions at the end of Term 4 and the beginning of Term 1.

#### **Device minimum specifications**

**Storage:** 64GB (more storage is more beneficial in the long term).

**Connection:** WiFi models only

**Operating System:** iPadOS 26

### With your child:

- ☐ Consider how you will provide your iPad to your child. Is it a family iPad that they will use for school or their own iPad to build their responsibility?
- ☐ Discuss elements of the *NSS BYO iPad information* as appropriate (see school website) including responsible behaviour choices and what self-managing with the iPad will look like at school and at home.
- ☐ Discuss your child's log in details with them (these will be provided with the iPad documentation in Year 2 and again at the beginning of the school year in Year 3).

**The following information will be provided on a sticker at the start of Year 3** for your child to affix to their iPad.

Child's name	Example Student
School Email	estud1@eq.edu.au
<b>School username</b>	<b>estud1</b>
<b>Password</b>	<b>orangenss.25</b>

*The school email, username and password are used to access the school WiFi, the internet (through our filtering system) and Microsoft apps (Intune Company Portal, OneNote, OneDrive, Teams, Word, PowerPoint, Whiteboard)*

### At the start of the school year:

- ☐ Read, discuss with your child, sign and return the *Student iPad Responsible Use Agreement*, once it is sent home by your Year 3 teacher in Week 1, Term 1.
- ☐ Complete the Online Services Consent Form through QParents, or request a paper copy from the school office
- ☐ Ensure the iPad AND case and all accessories are **clearly labelled with your child's name** before sending it in on **Monday Week 2 of Term 1** or as specified by your child's Year 3 teacher.

**Please see your child's Year 3 class teacher if you experience difficulties with any items on this checklist OR contact [techsupport@nundahss.eq.edu.au](mailto:techsupport@nundahss.eq.edu.au)**

### Useful information

- All documentation mentioned above can be found on the BYO iPad information page on the school website using the QR code or link below:  
<https://nundahss.eq.edu.au/curriculum/ipad-program>
- We have developed Parent Setup guides to help you through the process in the above steps that can be found at:  
<https://nundahss.eq.edu.au/curriculum/iPad-program/parent-setup-guides>
