2027 BYOD – Required Apps

Nundah State School

Updated: 10/11/26

There are two methods to download the required apps:

- *Using school licenses through Intune Company Portal* – access to apps return to the school when the child leaves
- *Purchasing and downloading from the App Store* – families keep access to apps indefinitely.

1. *Intune Company Portal*

Nundah State School uses ***Intune Company Portal*** to manage connections to the school network as it offers a more secure connection. Along with managing connections, this app also allows us to allocate licenses for apps to students, removing the cost of purchasing the apps for parents. Once you are logged in with your child's details, all school apps are listed and you can download a copy of the required apps. There are step by step instructions on how to sign into and download apps from Intune Company Portal on the school website.

	Intune Company Portal **This app is mandatory to download, even if you plan to purchase the apps below yourself.**	You will need the following student login details: • School email • School username • Password	Affix login details sticker here

2. *Downloading the required apps from the App store.*

If you would prefer to download apps yourself, please see the list below of apps required for Years 3 to 6. The Intune Company Portal app is mandatory to download, even if you plan to purchase the apps below yourself.

Please note, this app list is interactive. If you download a copy to the *Books* or *Preview* app on your iPad, clicking the link next to each App (or below the App icon for the Apple apps) will direct you to the appropriate page on the App store.

Apple Apps

These may already be automatically loaded on your child's iPad. If not, they will need to be downloaded through the App Store

Pages | Numbers | Keynote | GarageBand | iMovie | Books | Calculator

Microsoft Apps

All students have a free Microsoft Office365 license through the Department of Education. They can sign into these apps using their school account.

Intune Company Portal | OneDrive | OneNote | Teams | Word | PowerPoint

Paid apps *Can be obtained for free using school licenses through Intune Company Portal
