Required apps at Nundah State School

Nundah State School

Updated 17th October 2025

There are two methods to download the required apps:

- *Using school licenses through Intune Company Portal* – access to apps return to the school when the child leaves
- *Purchasing and downloading from the App Store* – families keep access to apps indefinitely.

1. Intune Company Portal

Nundah State School uses <u>Intune Company Portal</u> to manage connections to the school network as it offers a more secure connection. Along with managing connections, this app also allows us to allocate licenses for apps to students, removing the cost of purchasing the apps for parents. Once you are logged in with your child's details, all school apps are listed and you can download a copy of the required apps. There are step by step instructions on how to sign into and download apps from Intune Company Portal on the school website.

		Intune Company Portal **This app is mandatory to download, even if you plan to purchase the apps below yourself.**	You will need the following student login details: • School email • School username • Password

2. Downloading the required apps from the App store.

If you would prefer to download apps yourself, please see the list below of apps required for Years 3 to 6. The Intune Company Portal app is mandatory to download, even if you plan to purchase the apps below yourself.

Please note, this app list is interactive. If you download a copy to the *Books* or *Preview* app on your iPad, clicking the link next to each App (or below the App icon for the Apple apps) will direct you to the appropriate page on the App store.

Apple Apps
These may already be automatically loaded on your child's iPad. If not, they will need to be downloaded through the App Store

Pages	Numbers	Keynote	GarageBand	iMovie	Books	Calculator

Microsoft Apps
All students have a free Microsoft Office365 license through the Department of Education. They can sign into these apps using their school account.

Intune Company Portal	OneDrive	OneNote	Teams	Word	PowerPoint	Whiteboard

Paid apps *Can be obtained for free using school licenses through Intune Company Portal

	Book Creator for iPad (NOT FREE VERSION)	$5.99*	https://apps.apple.com/au/app/book-creator-for-ipad/id442378070 This handy app encourages student creativity – it is used in all curriculum areas and caters for students' different learning styles. It is used frequently in the early years as well.
	Green Screen by DoInk	$7.99*	https://apps.apple.com/au/app/green-screen-by-do-ink/id730091131 This creative app allows students to record images and videos so that these images can appear in front of a variety of backgrounds.

Other Apps

	Switch4Schools	FREE	https://apps.apple.com/au/app/switch-4-schools/id1573864846 This app combines an emotional check-in for students with proven psychological strategies for better emotional regulation. Through a unique anonymised process, the app leverages and empowers the trust circle of the teacher and student to promote self awareness and positive mindset.
	Inspiration Maps	FREE	https://apps.apple.com/au/app/inspiration-maps/id1492380818 This is a brainstorming tool and graphic organiser – it allows students to use text or drawings or sound to record ideas using a variety of templates and a library of images.
	edClub	FREE	https://apps.apple.com/au/app/edclub/id846765089 This app is designed for students to login and access edClub school activities assigned by their teacher to help them develop their typing skills.
	Tayasui Sketches School	FREE	https://apps.apple.com/au/app/tayasui-sketches-school/id1354087061 This is a simple drawing app with a specifically designed interface to make it more accessible to kids. It can be used to support learning across the subject areas.
	Tynker	FREE	https://apps.apple.com/au/app/tynker-coding-for-kids/id805869467 This app uses block-based block coding to create programs and control Drones, LEGO WeDo , Sphero Robots and MicroBits - all using the same coding language so that students can transfer their skills between devices.
	NAP Locked Down browser	FREE	https://apps.apple.com/au/app/nap-locked-down-browser/id1086807255 This app features tailored testing which gives students questions that are more suited to their ability resulting in better assessment and more precise results. Allows test results to be available within three weeks so teachers can identify learning priorities and meet individual student needs early.
	Geoboard by MLC	FREE	https://apps.apple.com/au/app/geoboard-by-mlc/id1508606940 This app makes geometry and shapes easy to understand.
	Number Pieces by MLC	FREE	https://apps.apple.com/au/app/number-pieces-by-mlc/id605433778 This app helps students develop a deeper understanding of place value.
	Fractions, by MLC	FREE	https://apps.apple.com/au/app/fractions-by-mlc/id1114674604 This app helps students develop a deeper understanding of fractions.
	Smiling Minds	FREE	https://apps.apple.com/au/app/smiling-mind/id560442518 This is a FREE mindfulness meditation app developed by psychologists and educators to help bring balance to your life.
	Hiragana Memory Hint [English]	FREE	https://apps.apple.com/au/app/hiragana-memory-hint-english/id1023654862 This app from the Japan Foundation Language Institute provides students who are beginners at Japanese to learn the hiragana alphabet and Japanese pronunciation through fun mnemonics and quizzes. This app supports students learning Japanese in Years 4-6.
