From the Principal

School overview

Nundah State School, one of the oldest schools in Queensland, was established in 1865 on the site it currently occupies. The school features a magnificent, heritage listed, main building constructed in the 1930s. The school occupies a central place in the local community and has provided quality education over the decades for the suburbs of Nundah, Northgate, Wavell Heights and Kalinga. We have developed a clear vision for Nundah State School with our community. This has 4 elements, including our motto, our statement of beliefs, our values, and our learner protocols. Our Nundah Nine Gifts are our 21st C learner expectations which frame the Australian Curriculum as Learning Intentions (and success criteria) in our classrooms. Motto: We Wonder at Nundah! Beliefs: these frame the intent of our learn given sufficient challenge and support, all students can learn and achieve to higher levels we have fun when we are learning, and that by making learning enjoyable and providing choices where possible, we can enhance learning further it is our responsibility to develop the whole person - social, emotional, cognitive, spiritual and physical in affirming and encouraging the best in ourselves and others, and consistently treating everyone with dignity and respect our basic needs drive our choices, and that we can teach others that they are in control of their choices, behaviours and attitudes; and how to make strong choices growth and happiness is best found in a school culture of internal control psychology, where intrinsic motivation is harnessed and a growth mindset promoted Values: these check the spirit of how we learn Curiosity.... thoughtfully and purposefully ask and answer questions.... design opportunities with time for deep learning and enduring understandingsConnecting.... make links between what-how you learn with your interests, experiences, strengths, needs and hopes.... share our learning with our families and community.... learn from one anotherCreativity.... choose a variety of ways to teach, learn and show what we know.... teach for self-awareness of thinking and in ways which stimulate our imaginationQuality.... know what outstanding work looks like and how to both scaffold for quality with achievable goals, and assess for quality.... focus on improving teaching and learning for everyone, providing feedback, acknowledging effort and celebrating learningIndependence.... become more responsible for one's own learning, learning how to be self-managing and taking more control of learning over time.... seek to construct knowledge and make meaning from own learning.... build real responsibility and activate student voice in the classroom and across the schoolRisk-'Making'.... celebrate "mis-takes" as a chance to learn something new and to develop resilience.... re-frame problems as opportunities.... create opportunities and encourage us to trying new things Learner Protocols: Our Nundah Nine "Gift Tags": these frame what we are teaching the children, that is, the learner qualities we focus on developing, which we connect the Australian Curriculum for our students. These are the "gifts we give one another". These are Knowing Creative Inquiring Articulate Reflective Self-Managing Optimistic Collaborative Resilient

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	272,692	268,664	195,430
Water (kL)	4,558	4,620	2,990

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
