## Required apps at Nundah State School

Nundah State School uses Intune Company Portal to manage connections to the school network as it offers a more secure connection. This app also allows us to allocate licenses for apps to students, removing the cost of purchasing the apps for parents. Once you are logged in with your child's details, you can download a copy of the required apps.

N.B. When a child leaves the school, the app license will return to the school.

		<p>Intune Company Portal</p> <p>This app is mandatory to download, even if you plan to purchase the below apps yourself.</p>	<p>Affix student login details here.</p>

If you would prefer to download the other apps yourself, please see the list below of Apps required for Years 3 to 6. Downloading the app will allow you to keep it on your iPad, once your child leaves the school.

**Please note, this app list is interactive.** If you download a copy to the 'Books' App on your iPad, clicking the link next to each App (or below the App icon for the Apple apps) will direct you to the appropriate page on the App store.
